

# Tony Nahra

Cell: (319) 594-1358 | email: [tony-nahra@uiowa.edu](mailto:tony-nahra@uiowa.edu) | Web: [tonynahra.github.io](https://tonynahra.github.io)

## SKILLS

**Summary:** 25 years experience developing software, managing systems, reporting, planning, evaluating and budgeting

**Technologies:** MS SQL, Epic systems, Amazon AWS, XML/XSL, HTML5, Web Services, Excel, Access, SharePoint

**Programming Languages:** Python, Pandas, C#, JavaScript, PHP, SQL, VBA, Office365 Add-ins

## PROFESSIONAL EXPERIENCE

### UI Health Care: CCA division

Jul. 2023 – Present

*Application Developer*

Application development and administration of various systems:

- Epic Unified Communication
- Voalte administration
- MS Teams and Sharepoint
- Message Media
- Securitas RTLS

Member of two governance groups: MS-Teams and Message Media

### Patient Education Institute

Jul. 2001 – June 2023

*Senior Analyst Programmer*

Interactive Tutorial Engine/Player with LMS integration:

- Designed and developed a tutorial player with voice narration, questions, feedback, glossary, scoring features and multilingual capabilities to improve learning outcomes and increase user engagement
- Database Driven LMS with completion records, response analysis and usage reporting
- Worked with major healthcare institutions: NLM, Kaiser Permanente, Cleveland Clinic, HCA and others
- Managed projects across continents and in different languages
- Generated training material and plans

### Abu Dhabi Investment Authority

Feb. 1994 – Jun. 2001

*IT Education Consultant*

Financial systems data analysis:

- Assisted financial analysts build models, data warehouse, OLAP and drill down
- Automated tasks and consolidated data from Reuters, Bloomberg and other sources
- Generated periodic reports, statistical regression, back-testing, and time-series seasonality analysis

## CERTIFICATION

Epic Systems	EpicCare Inpatient Clinical Documentation	Oct 2024
Epic Systems	Data Courier Mover Badge	Nov 2024

## EDUCATION

American University of Beirut	Beirut, Lebanon	Aug 1988
Bachelor of Engineering	Electrical Engineering	

More details and sample projects at <https://tonynahra.github.io/cv>

```

The screenshot displays the SQL Server Enterprise Manager interface. On the left, the 'Object Explorer' shows a tree view of the database's 'System Stored Procedures'. The main window displays the code for 'SQLQuery6.sql - nistrator (63)'. The code is a stored procedure that interacts with the 'LicensedModules' and 'Module\_Info' tables. It includes logic for selecting data based on various parameters like @ModuleID, @CID, and @ImitateID. The procedure also handles updates to the 'client\_Info' table and manages module codes and interface ends. The code is written in T-SQL and includes comments for documentation.

### Diabetes - Confío de carbohidratos

Introducción

¿Cuáles de los siguientes grupos de alimentos tienen el mayor impacto en el nivel de azúcar en la sangre?

1 Carbohidratos.

2 Grasas y aceites.

3 Proteínas.

Incorrecto. Los carbohidratos afectan más los niveles de azúcar en la sangre en comparación con las grasas y las proteínas.
